

Event Program

08:00 | Welcome – Richard Mills

08:20 | **Alfonso Cusi**

Secretary
Department of Energy

KEYNOTE: Energy Secretary Cusi has more than four decades of leadership experience in both the private and public sectors. As a leader in the Philippine business sector, Cusi was engaged in the logistics and transportation industries.

08:50 | **Sherwin Gatchalian**

Senator
Republic of the Philippines

SPECIAL GUEST: As Chairman of the Senate Committee on Energy, Senator Win has focused on a pro-consumer direction, fostering greater competition within critical industries, boosting efficiency of services, and lower the costs shouldered by the general public.

Asia CEO Forum
Largest Business Events in the Philippines

PANELISTS

Clive Turton

President Asia Pacific
Vestas

PANELIST: Clive has been substantially involved in most of Asia's major power transactions as either advisor, financier or developer, including the acquisition and financing. He was also involved in the privatization of electricity networks and assets in numerous Asian geographies including Singapore, Philippines, Korea and Thailand.

Eric Francia

President and CEO
AC Energy Holdings

PANELIST: Eric is member of the management committee of Ayala Corporation, one of the largest business groups in the country. He is board member of many of the most active energy companies including: Northwind Power Development, North Luzon Renewable Energy, South Luzon Thermal Energy, Quadriver Energy, Monte Solar Energy, AC Infrastructure Holdings, Livelt Investments, among others.

Lawrence Fernandez

Vice President and Head of Utility Economics
Meralco

PANELIST: Larry is responsible for Meralco's Aggregate Market Forecasting System. He is also an active participant in the development of the regulatory and policy framework governing the country's wholesale and retail power markets. He is actively involved in emerging power sector developments, such as the implementation of retail competition, adoption of electric vehicles, enhancing energy efficiency, and the wider use of renewable energy-based generation.

10:00 | Closing – Rebecca Bustamante
